## EXTRA CURRICULAR

SLIIT Women's Basketball Team VC - 2025

SLIIT Women's Basketball Team Captain - 2024

Best Women's Player of the Colors Night - 2024

Basketball Colors Awardee - 2023, 2024, 2025

## TECHNICAL SKILLS

### Programming

C C++ Java Python Kotlin JavaScript

### Machine Learning

MLflow scikit-learn Predictive Modeling  
Feature Engineering Model Evaluation

### Data Analytics

EDA Data Cleaning Statistical Analysis  
Data Preprocessing Data Visualization

### Databases

MySQL MS SQL SQLite MongoDB

### Web Development

HTML MERN CSS PHP Postman

### Data & BI

Power BI SSIS SSAS T-SQL SQL Server

### Design

Figma

## LANGUAGES

English

Sinhala

## EDUCATION

### BSc (Hons) in Information Technology Specializing in Data Science

2022 – 2026

Sri Lanka Institute of Information Technology (SLIIT)

## EXPERIENCE

### MAS Intimates (PVT) Ltd - Business Intelligence

2025 Mar - Sept

Rathmalana, Sri Lanka

- Power BI dashboards and Power Apps development, KPI reporting, DAX modeling, and interactive data visualization.
- Data collection, cleaning, preprocessing, transformation, validation, integration, and quality assurance using Excel and SharePoint to ensure accurate downstream reporting.
- Collaborated across Manufacturing, Supply Chain, and Client Interface to develop production planning analytics, Sample Room analytics, QR-based traceability, workflow analysis, and process optimization solutions.
- Applied Lean methodologies including 5S audits, Business Process Mapping, and the 8-Step Problem Solving framework to support continuous process improvement.

## PROJECTS

### REOPSYS - AI-Powered Reservoir Forecasting & Decision Support System for Mau-Ara

2025 -2026

- A predictive DSS for water resource management using Time-Series Deep Learning, Ensemble Learning, and probabilistic forecasting.
- Orchestrated end-to-end ML pipelines in Scikit-learn, implementing hyperparameter optimization, chronological holdout validation, and benchmarking via RMSE, MAE, and  $R^2$  metrics.
- Architected data pipelines to integrate multi-source hydrological and meteorological datasets, utilizing feature engineering (lag features, rolling windows, cyclical encoding) and data validation.
- Deployed models via REST APIs using serialized artifacts and developed operational dashboards to provide real-time analytics and decision intelligence.

### Telecom Churn Prediction Platform | ML Engineering

End-to-end ML pipelines featuring experiment tracking, model versioning, and containerized deployment for real-time customer retention analytics.

### Retail Sales Analytics Platform | Data Engineering & BI

Engineered dimensional data warehouses and automated ETL pipelines using OLAP cube architecture for high-performance business intelligence.

### Serendib AI | Generative AI & Retrieval-Augmented Generation

Leveraged RAG and LLMs to generate personalized, context-aware travel itineraries and recommendations

## SOFT SKILLS

- Leadership
- Teamwork
- Creativity
- Time Management
- Adaptability

### Polyanalytics - Intelligent Agricultural Decision Platform | AI & ML

Anomaly detection, predictive ML, and LLM-powered recommendations into a unified agricultural DSS.

### Intelligent Text Summarization & Analysis Platform | NLP

Implemented Transformer-based models for sentiment analysis, topic modeling, and automated summarization of large-scale text corpora.

### LevelUp Learning Platform | Full-Stack Application Development

Architected a RESTful LMS with a React interface, integrating automated progress tracking and dynamic learning management

## CERTIFICATIONS

|                                                |      |
|------------------------------------------------|------|
| SLIIT - AI/ML Engineer Program                 |      |
| Stage 1                                        | 2024 |
| Stage 2                                        | 2026 |
| Higher Diploma in Information Technology       | 2025 |
| Microsoft Power BI for Beginners - SimpliLearn | 2024 |

## REFEREE

**Mrs. Nadeesha Jayasinghe**  
Assistant Manager -MOS  
MAS Intimates-Ratmalana  
based in Colombo, WP, LK  
phone :- 077 370 7235  
Email :- nadeeshaj@masholdings.com

I affirm that the details furnished in this CV are accurate and complete to the best of my knowledge and belief.
